GOVERNOR JOHN SPELLMAN

I am happy to present the 1982 edition of the Washington State Pocket Data Book. It is a handy source of statistical information about our state and its government.

Special thanks are due to all in our state government, the federal government, and the private sector, whose help made this new edition possible.

PREFACE

The purpose of the Washington State Data Book is to present in one volume a diversity of information on Washington, its people, economy and government. The Data Book assembles in one reference document a wide range of statistical data, generated primarily by state and federal governmental agencies, specific to Washington. The information has been assembled into 12 major sections: Population, Economy, State Government Finance, Social Services, Law and Justice, Education, Natural Resources, Environment, Energy, Transportation, County Summaries, and Cities. The sections have been selected for inclusion based on their demand and utilization by a broad range of users. A new section, Energy, has been included, reflecting the growing interest in this area.

It would be impossible to compile and publish the Washington State Data Book without the cooperation of the contributing agencies. Therefore, we would like to thank them and their research staffs, both professional and clerical, who have supported this publication.

To assist us in producing improved editions in the future, please complete and return the user-comments form at the end of this publication.

[1] Registrations for 1977 are exaggerated by the unknown number of vehicles which were required to register twice in order to institute the revolving biennial registration system.

[2] Boat trailer registrations, identified as such, ended in September 1979. They are now registered as "personal" trailers and cannot be identified as recreation vehicles.

[3] Prior to late 1975, motor homes were registered as passenger cars.

[1] This table includes population data for all incorporated cities & towns in existence on December 1, 1981.

[2] Date of incorporation indicates date of first incorporation. Several cities & towns have been reincorporated after disincorporation. A few special instances of this kind have been covered by footnote. Great care has been taken to authenticate the date of original incorporation with the most reliable sources. It will be noted that there are certain discrepancies between the present compilation and those prepared by the Office of the Secretary of State and by the Association of Washington Cities.

[3] The census data has varied to a certain extent from one census to another. The date for the 1890 and 1900 censuses was June 1; for 1910, April 15; for 1920, January 1; and for 1930 thru 1980, April 1.

[4] Auburn originally incorporated as Slaughter; name changed in 1893.

[5] Population indicated for Bellingham in 1890 represents sum of populations of Fairhaven (4,076) and Whatcom (4,059) in the 1890 census report. The figure for 1900 was derived in the same manner. Name of Whatcom subsequently changed to New Whatcom. Fairhaven & New Whatcom were consolidated in 1903 to form Bellingham.

[6] Carnation originally incorporated as Tolt; name changed in 1951.

[7] No population figure published for Colton in 1890. In a few instances, the precise date of incorporation of a municipality may be ambiguous. For example, the certificate of election to incorporate Colton was filed in 1890 although a certified copy of order of incorporation was not issued until 1893.

[8] Du Pont originally incorporated in 1912, disincorporated in 1926, and reincorporated in 1951.

[9] Issaquah originally incorporated as Gilman; name changed in 1899.

[10] Kalama disincorporated and reincorporated in 1890.

[11] Houghton and Kirkland consolidated as of August 1, 1968 under the name of Kirkland. The population of Houghton in 1950 and 1960 is included with the figures shown for Kirkland on these dates.

[12] Kittitas was not incorporated until 1931, but the Census Bureau listed population figures for Kittitas in 1920 and 1930. These figures have not been included in the present table. Although LaCrosse was incorporated in 1917, the Census Bureau did not determine separately the population of LaCrosse in 1920. Selah was incorporated in 1919, but no population figure was indicated in the census reports for 1920.

[13] La Conner disincorporated in 1886 and reincorporated in 1890.

[14] The population figures in the published Federal Census reports for Medical Lake include improperly the residents of Eastern State Hospital (established in 1891) and Lakeland Village (established as a separate

institution in 1915), before these institutions were actually annexed to the municipality of Medical Lake in 1947. An attempt was made by the Bureau of the Census to correct the population figures for 1910, 1920, 1930 and 1940, but apparently these adjustments did not entirely eliminate the errors in the original figures. Accordingly, the figures from 1910 to 1940 must be considered unreliable.

[15] Mercer Island Town annexed to Mercer Island City, June 1, 1970.

[16] Palouse originally incorporated as Palouse City; name changed in 1894.

[17] Port Orchard originally incorporated as Sidney; name changed in 1903.

[18] Richland originally incorporated in 1910. In 1943 it was completely replaced by a much larger planned community, the main residential area for the newly constructed center for manufacturing plutonium. The population of the old town of Richland never exceeded 279. It was dissolved as a corporate town in 1948. When the new community of Richland was incorporated in 1958, it had a population of over 20,000.

[19] Spokane originally incorporated as Spokane Falls; name changed in 1890.

[20] The city of Tacoma, later referred to as "old" Tacoma, incorporated in 1875. New Tacoma, a separate municipality, incorporated in 1881. In 1884 "old" Tacoma & New Tacoma were consolidated as Tacoma.

[21] Tumwater originally incorporated in 1869, disincorporated in 1877, and reincorporated in 1883.

[22] Union Gap originally incorporated as Yakima City; name changed in 1905.

[23] Vader originally incorporated as Little Falls; name changed in 1913.

[24] Although incorporated before the official census date (June 1), no figure was indicated separately in the 1890 census for the town of Winlock. The population for Winlock precinct was given as 877.

[25] Yakima originally incorporated as North Yakima; name changed in 1918.
